Deluge Skids

Fire Engineering
Pty Limited

3 valve skid under test

Overview

Orion Engineers deluge skid units for a wide range of specifications and applications. Materials of construction for the piping, valve and skid can vary widely. Skids are engineered for potable water service and sea water service where material selection is critical for long, trouble free service life.

Compact, lightweight skids are engineered for off shore applications.

Orion deluge skids are engineered for long service life.
